

## Iris Frederix

**Iris Divina Frederix** was born in 1981 in Schimmert (Netherlands). She studied at the **Royal Academy of Art in The Hague**, section "Autonomous Art", Department of Painting, and graduated there in 2004.

Iris Frederix shows us a completely personal vision of the woman. It is very different to see how a seductive woman is depicted by a female painter. That says something about self-awareness and the perception of being a woman, and about the position that Iris Frederix adopts as a painter in the long tradition of the female nude.

There is a fascinating contrast between the cinematic and seductive dream worlds she creates alongside the everyday themes. Her works are characterised by romance – both amorous and atmospheric. Her dream worlds, however, do not only depict luxury. They are also based on a sort of contemporary orientalism, although no longer of classical faraway places.

Her work has been described as classic, fresh and chic and is included in private collections and several business collections in the Netherlands and abroad.

Dreaming is something that Iris allows – it is wonderful. Creating imaginary worlds for oneself and for others has an intangible beauty. And the paintings exude her joy in the subjects and in the colourful palette. It is this aesthetic pleasure that allows her to immediately grab the viewer's gaze and not let it go again.

Iris's paintings have become part of various international art collections.

**Art on commission:** Iris Frederix can be commissioned to make a painting. For more information about commissions, please contact us.

**Art Gallery Voûte**, run by Edwin and Annemarie Voûte, started in Rotterdam in 1994, so we are celebrating our 25th anniversary this year, which makes us an established name in the art world. In 2001 we moved to an attractive location right in the historical centre of Schiedam, close to the Stedelijk Museum Schiedam and other museums and sights.

We are independent, unconventional (sometimes to the point of being nonconformist) and have an international orientation. Our style can be described as somewhat **eclectic**. But above all: we focus on quality.

### **COLLECTION**

Our contemporary art collection consists of paintings, sculptures, photographs and glassware art. We specialize in high-quality bronze sculptures.

We have high standards when it comes to accepting art in our collection. Keywords: innovative, colourful, lively and challenging.

### **ARTISTS AND EXHIBITIONS**

Currently the gallery represents about 25 renowned and up-and-coming artists: Diet Wiegman, Joop Polder, Walter van Oel, Iris Frederix and Anthon Hoornweg, to name but a few. [Look over here](#) for the entire [artists overview](#).

We aim at making the art in our gallery available to a large variety of audiences and potential clients. To achieve this, we organize bi-monthly group exhibitions, but also show our collection at various general art exhibitions, both in the Netherlands and abroad.

We founded the '**Holland Art Expo**', with the goal to internationally promote Dutch artists in collaboration with Dutch Embassies and companies. As a result, we so far set up exhibitions in Dubai (UAE), Doha (Qatar), Mandelieu-la-Napoule (France), Ibiza (Spain) and London (UK).

The vast international network of galleries we belong to is instrumental in this.

### **LEGAL AND FISCAL ADVICE**

**Buying or selling art is a question of trust.**

If you are interested in selling or buying works of art, or even in creating your own art collection, but feel lost in a world that is not your own, Art Gallery Voûte can help.

We closely monitor the art market and are specialists in providing clients with legal and fiscal advice with regard to procuring and selling art and/or developing an art collection. Edwin Voûte has a legal background himself and works together with specialized lawyers and tax specialists to answer all your questions and give tailormade advice.

## **PARTNERS**

We are working with various partners like Brasserie Stadhuis, Sdam (Schiedam Promotion Foundation), Ouwehands Zoo, Swinckels Superior Pilsener, Grote- of SintJanskerk Schiedam and Dick Renses Photography.
